

CSE Student

K. Manasha

Computer Science & Engineering | B.E. (2028)

8072461812 manashakuthalingam@gmail.com
24104098@nec.edu.in Tenkasi, Tamil Nadu

EDUCATION

National Engineering College
B.E. Computer Science & Engineering
CGPA: 7.88 | Expected 2028

Higher Secondary (12th)
88.21%

Secondary (10th)
82.4%

TECHNICAL SKILLS

Programming Languages
C • C++ • Java

Databases & Concepts
MySQL • DBMS • Data Structures

Emerging Technologies
IoT • Industry 4.0 • IIoT

SOFT SKILLS

- ✓ Team Collaboration & Leadership
- ✓ Effective Communication
- ✓ Critical Thinking
- ✓ Time Management
- ✓ Creative Drawing & Design

LANGUAGES

Tamil *(Native)*
English *(Proficient)*
Hindi *(Basic)*

PROJECTS

Password Manager Application

C++ | Object-Oriented Programming

- Engineered a secure password management system leveraging core OOP principles including encapsulation, inheritance, and polymorphism.
- Implemented robust data handling and user authentication features ensuring credential safety and usability.

Smart Lab & Classroom Booking System

Java | Systems Design

- Designed and developed an intelligent booking management system to streamline lab and classroom reservations in an academic environment.
- Implemented scheduling logic and conflict resolution algorithms to maximize resource utilization.

CERTIFICATIONS

Technical English for Engineers
NPTEL
85% — Elite + Silver

Introduction to Internet of Things
NPTEL
84% — Elite + Silver

Industry 4.0 & Industrial IoT
NPTEL
75% — Elite + Silver

ACHIEVEMENTS & ACTIVITIES

Winner — Poster Making Competition
NEWGEN IDEC, National Engineering College | Topic: 3D Printing

Participant — Code Craze Competition
Organized by Coimbatore Institute of Technology — demonstrated competitive programming aptitude.

CAREER OBJECTIVE

Motivated Computer Science undergraduate with a strong academic foundation, hands-on project experience, and multiple NPTEL certifications. Eager to contribute technical expertise and innovative thinking to challenging real-world problems in software development and emerging technologies.
